

PREP - GRADE 3 FAMILIES

17/02/2022

Dear families,

The school has partnered with State Schools Relief to provide FREE EYE TESTING and GLASSES FOR KIDS in years Prep, 1, 2 and 3.

Glasses for Kids is an early intervention program which aims to remove vision impairments as a potential barrier to educational engagement in Prep to Year 3 students.

During the week of **Monday 2nd May to Thursday 5th May** all students in Years Prep to 3 will be able to have their eyes tested free of charge here at school. If needed, further testing and glasses will be arranged.

Students who are identified as needing glasses can select a set of frames on the day and once ready, they will be delivered back to school for students to collect. There is no need for parents to go select frames or pick up glasses. This is a great opportunity for the school to support students who may have eye concerns.

Students who already have glasses are still eligible and encouraged to attend.

Attached is an information sheet for parents to read through. Consent forms will be sent home with students and these are required back to school as soon as possible.

Parents with questions or concerns are encouraged to contact the school.

Regards,

Ross Carlson
Principal
