Respect for self, others, learning and environment.

From the Principal's Office...

We are now over half-way through the term and already the students have made huge progress. It is wonderful to walk around the school seeing the learning happening in the rooms.

Our school leaders have started to settle into their new roles. They did a fantastic job supporting the photographers during photo day and are beginning to take on various other responsibilities such as raising the flags in the morning. Our Leaders will be attending the Casey Student Leaders Reception on the 29th March at Bunjil Place.

NAPLAN tests will begin next week for students in Year 3 and 5. This is a fantastic opportunity for students to show their learning and what they are capable of. Please remind your child that these tests are used to celebrate success and achievement, they should not be worried about sitting the tests. We support all students to be well prepared and are proud of students for just giving it a go and trying their best.

This week, families would have received the excursion notice. As always, we have worked hard to get the best possible prices and deals for our students, with all of our events being heavily subsidised again this year. We kindly ask that all forms are completed and returned before the due date as we can not accept late forms or payments.

Did you know...

Did you know that only half a dolphin's brain ever sleeps at any one time? Dolphins must remain on alert at all times, so only half of a dolphin's brain can sleep at once. The other half is in charge of making sure the dolphin continues to breathe as well as looking out for danger and keeping themselves safe.

10 Kilometre Runners

Congratulations to the student who managed to achieve an amazing 10km, Lochlan 6N. Well Done Lochy!

If it doesn't challenge you, it won't change you

The Arts

During Art sessions students have been learning about the Australian illustrator and artist Rod Clement, focusing on his book "Feathers for Phoebe." We explored watercolour resist art using oil pastels and watercolor paint. Students enjoyed participating in a science experiment where we mixed oil and water and dropped in food colouring to help our understanding of how our art work will unfold.

A big thank you to Mrs. Shields, Mrs Smith and Mrs Phillips-Kokiri for helping to cut out all our feathers.

Families are welcome to come into the hall near the art room to take photos in front of the wings.

The Arts

What is resist art?

Resist art is the process of creating a masked surface, in our case with oil and then applying watercolour. The oil repels the colour and only remains in the areas without it. This creates beautiful patterns of waterbase substances surrounded by the water repelling oil.

Cranbourne Park PS TheirCare Newsletter

Welcome to Cranbourne Park PS TheirCare 2023.

ON THIS WEEK

Our children have been super busy engaging in lots of open-ended resources, learning about Ancient Egyptian activities, lifestyle, food, art and making canopic Jars.

This term in week 7 we have **Autumn** and **Get Up and Move** week. Stay tuned for updates!

What's New!!

We are excited to launch an exciting new initiative called Wecare. This has been developed to facilitate connection between TheirCare children with their local community. This rewarding opportunity allows for children to learn about charities or local groups.

In addition to learning about charity groups, through discussions and programming ideas, Wecare also encourages positive behaviour in children. All children at the service will have the opportunity to earn stickers that go on a chart. Once a service reaches the goal of 100 stickers, a \$50 donation will be made on behalf of the children at the service.
